Social Programme

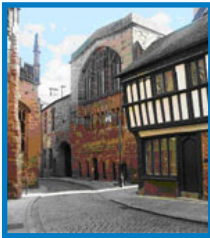

Coombe Abbey Hotel, Coventry

www.coombeabbey.com

Set in 500 acres of parkland, overlooking formal gardens and a tranquil lake and originally built as a Cistercian Abbey in the 12th Century, Coombe Abbey has now been lovingly restored to its former glory.

The Facial Aesthetics Course dinner will take place on Saturday 11th May and is included with the dissection booking, places can be booked if you are attending the lectures only.

We have chosen a few local hotels to the venue, for full details please visit the conference website or alternatively you can visit the local tourist information website www.visitcoventryandwarwickshire.co.uk.

Accommodation

Coventry is an ancient City with surviving Royal Charters dating back to 1182. It is famous for the legend surrounding Earl Leofric and Lady Godiva and for its three spires which have been a prominent landmark for many centuries.

Surgical Training Centre

The Surgical Training Centre has been created to support regional, national and international surgical training. It provides the ideal environment for surgeons to learn operative techniques on cadaveric material in realistic operating theatres. It can cater for arthroscopic and endoscopic as well as open surgery on any part of the body.

The large surgical room is set up with eight operating stations, each one simulating a self-contained operating theatre. Every station includes a bespoke mobile operating table with electric height adjustment, integrated fluid drainage, and interchangeable radiolucent table tops for different types of surgery.

Registration

To register please visit our conference website www.faceeyesnose.co.uk.

For details contact courses@mededcoventry.com.

Book the whole course by 31st March 2015 for a 10% early bird discount.

Please note dissection places are limited, so booking early is advisable.
