BREAST RECONSTRUCTION: MAKING THE RIGHT DECISION FOR THE RIGHT PATIENT

In this Webinar, Dr. Marzia Salgarello, Chair of the Breast Reconstruction Chapter, will lead a panel to discuss Breast Reconstruction – Making the Right Choice for the Right Patient.

Since the theme of the webinar is “To each woman her own reconstruction”, and the four experts will present different opinions on the indications and strategies to autologous and prosthetic breast reconstructive surgery. The three moderators will stimulate the discussion that promises to be interesting and inspiring.
